

First Western is much more than a bank.

We're really First Western Bank & Trust & Insurance.

First Western isn't just the area's only **truly** locally-owned and managed bank. We're also the area's one-stop, full-service financial center. For over five decades, we've listened to your needs and responded by offering more of the financial services you need. You can count on us for a wide range of deposit and loan products to suit your needs.

Trust – First Western's asset management professionals can help you achieve your individual and business goals through personal trust and estate administration, portfolio and farm management services, as well as estate and financial planning assistance. The Trust Department also offers a full range of retirement plan products and services, including both managed and self-directed IRAs (traditional and Roth), 401(k) plans, and other qualified retirement plan services that can be tailored to meet your specific circumstances.

Insurance – Our independent agents will shop and compare companies to obtain you the best coverage for the best price. Protect your property, vehicles, business, life and health - your future and your family's future - with First Western Insurance.

At First Western, we can help simplify your life. You can **bank** on us.
