

Mobile Payments

Make secure purchases in-store, in-app and online.

When you add a card to your mobile wallet a unique account number, not the actual card number, is assigned and securely stored on your device.

Each transaction is authorized with a one-time unique security code called a token. This makes it difficult for fraudsters to steal your card information. Enroll your card today!

myCardStatement

Both consumer and business accounts can utilize mycardstatement.com to make card payments, monitor transactions, and receive consolidated statements.

Requesting a Credit Card Agreement

For a copy of your credit card agreement call us at 701-852-3711 or toll free at 800-688-2584.
